

# Hannah's Special Wish

MAKE-A-WISH.

I wish to go....  
on a Disney Cruise

Eleven-year-old Hannah's wish to go on a Disney Cruise was adopted by the office of Dr. Frank Batastini Orthodontics. The Make-A-Wish foundation was able to grant her one last wish because of the support and fundraising efforts of Dr Frank and his staff.

*Eight-year-old Hannah likes to watch her favorite TV show, Hannah Montana, and walk her dog. In school, her favorite subjects are art and spelling, and she likes whales and koala bears. What separates Hannah from other girls her age is that she has been diagnosed with Dermatomyositis, an inflammatory disease of the muscles and skin that causes muscle weakness and rashes. When Make-A-Wish volunteers met with Hannah and her family to ask her the magical question, "If you had one wish, what would it be?" she wished to go on a Disney Cruise! Hannah and her family set sail aboard the Disney Magic on a seven-night cruise to the Eastern Carribean in November, where they got to travel to such beautiful ports as St. Thomas, St. John, St. Maarten and Disney's own Castaway Cay, a special island in the Bahamas just for Disney Cruise line passengers! On the Disney Wonder, Hannah and her family got to take advantage of all the on-board activities, character meet-and-greets, delicious gourmet food and Broadway-style entertainment that only Disney can put on!*
